

16 January 2012

To Whom It May Concern:

Clean As Can Be have been cleaning the windows at our high-rise building, Sunbird Beach Resort, since May 2011.

And I wanted to say that it's been a pleasure doing business with them, as they understand the importance of providing a consistent and reliable service.

What impresses me most about Clean As Can Be is not only their continued high standard of work which we have become accustomed to, but their appreciation of the fact that clean windows in a small but important way contributes to a more enjoyable stay for our customers.

Being a permanent and holiday let resort we have 40-50 units to clean on a monthly basis. Having a company like Clean As Can Be with the experience, resources and quality of workmanship to rely on is what we believe makes them stand out from their competitors.

I have no hesitation in recommending the Clean As Can Be window cleaning team, and I'm sure you will be as impressed with their service as I am.

Phil Trimble
